#### PREFACE

When we undertook the work for compilation and classification of the foreign collaborations approved in this country, we thought that it should be a simple mechanical job. However, realising the shortcomings of such compilations based upon the secondary source of information, we thought, we must verify the contents before we print. We think-that was the beginning of our very involving and engrossed affair with this assignment. We sent computerised mailings not once but twice to each individual entry seeking their confirmation. More than 7000 letters were sent at a time and we received back not less than 1000 letters correcting the entries collected from the secondary sources. We had to obviously pay for this in terms of time as this totally derailed our schedule. But, then we feel more than rewarded as we have the satisfaction of presenting something first time in the Indian market duly verified on the subject. We hope all those who booked advance orders for this publication with us and also our advertisers will bear with us for this delay. We still feel that we owe an apology to our clientele and patrons alike for whatsoever reason the publication was delayed and say, "We are sincerely sorry for that"

For the work of this nature, where grouping of the entries has been done by adopting the standard groups followed by the DGTD or Ministry of Industry included in the First Schedule to the Industries (Development & Regulations) Act 1951, various sources of input were required to be used Major amongst them are Indian Investment Centre newsletters some publications and financial dailies like The Economic Times and Financial Express. We gratefully acknowledge all these sources which helped us making a good beginning in this line. We also will like to place on records our sincere thanks to those companies who took pains to go through the entries circulated to them and corrected us or confirmed the information.

Any printing job of this nature is bound to be tedious and but for a very sincere and painstaking effort by Shri Kantibhai Patel of Shreeji Krupa, this publication would not have been in the present shape. We acknowledge him for the good work done.

And finally, we are grateful to large number of our patrons and advertisers who have supported this publication. We hope this will be a very useful reference book in the hands of our readership.

### Handbook of Project Financing

### by Jay Narayan Vyas

All you have to know about Project Financing covering National financial institutions and their schemes. Deferred payment guarantee schemes, subsidy, project reports... foreign exchange and various refinance schemes.

State Financial Institutions/State Industrial Investment/
Development Corporations/Seed Capital/Special Capital.
Pollution Control, Modernisation and Rehabilitations, etc
Loan applications to National/State Financial Institutions
documentations—incentives and tax concessions—working
capital and capital management and a horde of very
valuable informations in one solid volume!

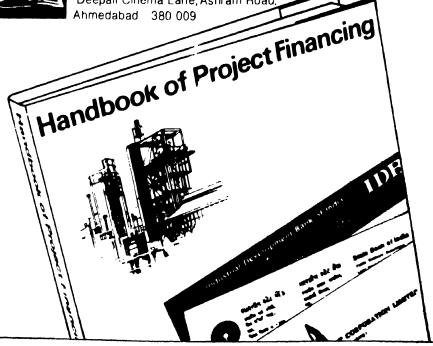

#### Price just Rs.245/-. (inclusive of postage)

Book your copy right away before stock runs out You can order it by VPP from.

107, Harikrupa Shopping Centre, Deepali Cinema Lane, Ashram Road, Ahmedabad 380 009

### **INDEX**

1.	Metallurgical Industries	1
	A. Ferrous Iron and Steel (metal), Ferro-alloys, Iron and steel castings and forgings, Iron and steel structurals, Iron and steel pipes, Special steels, Other products of iron and steel	
	B. Non-ferrous Precious metals, including gold and silver and their alloys, Other non- ferrous metals and their alloys, Semi-manufactures and manufactures	
2.	Fuels Coal, lignite, coke and their derivatives, Mineral oil (crude oil), motor and aviation spirit, diesel oil, kerosene oil, fuel oil, diverse hydrocarbon oils and their blends including synthetic fuels, lubricating oils and the like, Fuel gases (coal gas, nutural gas and the like)	53
3.	Boilers and Steam Generating Plants	59
4.	Prime Movers other than Electrical Generators Steam engines and turbines, Internal combustion engines	67
5.	Electrical Equipment Equipment for generation, transmission distribution of electricity including transformers, Electrical motors, Electrical fans, Electrical lamps, Electrical furnaces Electrical cables and wires, X-ray equipment, Electronic equipment, Household appliances such as electric irons, heaters and the like, Storage batteries, Dry cells	77
6	Telecommunications Telephones, Telegraph equipment Wireless communication apparatus, Radio/receivers, including amplifying and public address equipment, Television sets, Teleprinters	171
7.	Transportation Aircraft, Ships and other vessels drawn by power, Railway locomotives Railway rolling stock, Automobiles (motor cars, buses, trucks, motor cycles, scooters and the like), Bicycles, Others, such as fork lifts and the like	229
8.	Industrial Machinery  A. Major items of specialised equipment used in specific industries  Textile machinery (such as spinning frames, carding machines, power-looms and the like) including textile accessories, Jute machinery, Rayon	279

machinery, Sugar machinery, Tea machinery, Mining machinery, Metallurgical machinery, Cement machinery, Chemical machinery, Pharmaceuticals machinery, Paper machinery

B. General items of machinery used in several industries, such as the equipment required for various "unit processes"

Size reduction equipment-crushers, ball mills and the like, Conveying equipment-bucket elevators, skip hoists, cranes, derricks and the like, Size separation units-screens, classifiers and the like, Mixers and reactors-kneading mills turbo mixers and the like, Filtration equipment-filter presses, rotary filters and the like, Centrifugal machines, Evaporators, Distillation equipment, Crystallisers, Driers, Power driven pumps-reciprocating, centrifugal and the like, Air and gas compressors and vacuum pipes (excluding electrical furnaces), Refrigeration plants for industrial use, Fire fighting equipment and appliances including fire engines

C Other items of Industrial Machinery
Ball, roller and tapered bearings, Speed reduction units, Grinding wheels and abrasives

9.	Machine Tools	481
10.	Agricultural Machinery Tractors, harvestors and like, Agricultural implements	507
11.	Earth moving Machinery Bulldozers, dumpers, scrapers, loaders, shovels drag lines, bucket wheel excavators, road rollers and the like	513
12.	Miscellaneous Mechanical and Engineering Industries Plastic moulded goods, Hand tools, small tools and the like, Razor blades Pressure cookers, Cutlery, Steel funiture	519
13	Commercial, Office and Household Equipment Typewriters, Calculating machines, Air conditioners and refrigerators vacuum cleaners, Sewing and knitting machines, Hurricane lanterns	565
14.	Medical and Surgical Appliances Surgical instruments-sterilisers, incubators and the like	583
15.	Industrial Instruments  Water meters, steam meters, electricity meters and the like, Indicating, recording and regulating devices for pressures, temperatures, rate of flow,	<b>58</b> 9

weights, levels and the like, Weighing machine

16.	Scientific Instruments	609
17.	Mathematical, Surveying and Drawing Instruments	613
18.	Fertilisers Inorganic fertilisers, Organic fertilisers, Mixed fertilisers	615
19.	Chemicals (other than Fertilisers) Inorganic heavy chemicals, Organic heavy chemicals, Fine chemicals Synthetic resins and plastics, Paints, varnishes and enamels, Synthetic rubbers, Man-made fibres including regenerated cellulose-rayon, nylon and the like, Coke oven by-products, Coal-tar distillation products like naphthalene, anthracene and the like, Explosives including gun powder and safety fuses, Insecticides, fungicides, weedicides and like, Textile auxiliaries Sizing materials including starch, Miscellaneous chemicals	619
20.	Photographic Raw Film and Paper Cinema film, Photographic amateur film, Photographic printing paper	681
21.	Dye-stuffs	683
22.	Drugs and Pharmaceuticals	687
23	Textiles (including those dyed, printed or otherwise processed)  Made wholly or in part of cotton, including cotton yarn, hosiery and rope  Made wholly or in part of jute, including jute twine and rope, Made wholly  or in part of wool, including wool tops, woollen yarn, hosiery, carpets and druggets, Made wholly or in part of silk, including silk yarn and hosiery, made wholly or in part of synthetic, artificial (man-made) fibres, including yarn and hosiery of such fibres	699
24	Paper and Pulp including Paper Products  Paper-printing, writing and wrapping, Newsprint, Paper board and straw board. Paper for packaging (corrugated paper, kraft paper, paper bags, paper containers and the like), Pulp-wood pulp, mechanical, chemical, including dissolving pulp	715
25.	Sugar	723
26	. Fermentation Industries Alcohol. Other products of fermentation industries	725
27.	. Food Processing industries  Canned fruits and fruit products, Milk foods, Malted foods, Flour, Other processed foods	729

28.	Vegetable Oils and Vanaspati Vegetable oils, including solvent extracted oils, Vanaspati	737
<b>29</b> .	Shops, Cosmetics and Toilet Preparations Soaps, Glycerine, Cosmetics, Perfumery, Toilet Preparations	739
<b>30</b> .	Rubber Goods  Tyers and tubes, Surgical and medical products including prophylactics, Footwear, Other rubber goods	741
31.	Leather, Leather Goods and Pickers	<b>7</b> 57
32.	Glue and Gelatin	763
<b>33</b> .	Glass Hollow ware, Sheet and plate glass, Optical glass, Glass wool, Laboratory ware, Miscellaneous ware	765
34.	Ceramics Fire bricks, Refractories, Furnace lining bricks-acidic and neutral, China ware and pottery. Sanitary ware, Insulators, Tiles, Graphite Ceramics	775
35.	Cement and Gypsum Products  Portland cement, Asbestos cement, Insulating boards, Gypsum boards, wall boards and like	789
36.	Timber products  Plywood, Hardboard, including fibre-board, chip-board and the like, Matches,  Miscellaneous (furniture components, bobbins, shuttles and the like)	799
37.	Defence Industries Arms and ammunition	803
	Miscellaneous Industries Cigarettes, Linoleum, whether felt-based or jute-based, Zip fasteners, Oil stoves, Printing, including litho printing industry	805

## A quartz clock is as good as its quartz movement.

### Pragnesh

AIR-COMPRESSOR

- 1 40° Power saving in Consumption due to high precised lateral used and decreased efficiency loss
- 2. The er vorking d  $\sim$  to simplicity in the mechanisan.
- Simplicity & avoided complicated or or mum possible effice (

Lose ints

- 6 Chi nd disceet on licking
- 7. One Carantee for any manufacturing defect
- 8 Qual ce afte sees contrated fixed expensional values
- 5. Easily available space parts
- 10 In double; p. ton single stage compressor separate nonreturn valve provided on each condendor geting high efficiency.
- 11 Crant shaft mall from SG grade material & worl palanced
- 12 Connecting Rod mad+ from SG grade material
- 13. Strip valve made from imported. Sandvik, material due to this quick & smooth operating get high efficiency.
- 14 During manufacturing every stage inspection ratified out by will experience technician.
- 15 in 0.5 HP & 1 HP castered syheel fitted for easy movement.
- 16 Piston made from high quality die cast Aluminium to big from high grade geality of spring material due to this heat generation minimum, and power fills reduced.
- 17 Fly wheel design on such fashion for giving effective air cooling
- 18 Automatic Pressure switch control pressure and avoiding any accident and power loss.
- 19 V Belt drive makes alignment easier smoother times free and effective.
- 20 Suction air filter ruse made from Aluminium and easily removeable for cleaning and inside air filter cloth made from 1.2 thick woolen material for better clean air suck.

# Your ideas blossom with GIIC!

It is only natural that bees seek out flowers. Men of ideas gravitate to GIIC the same way when they think of launching their own industry. With GIIC expertise their ideas are bound to blossom. Hand in hand with entrepreneurs GIIC has already helped set up their OWN industries

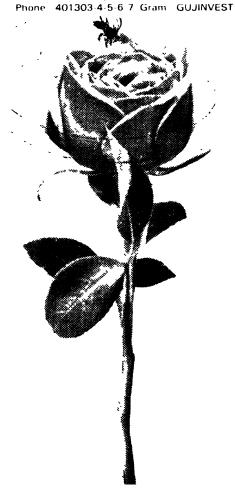

Over 2500 large and medium scale industries have been financed so far with a sanctioned investment of Rs 250 crores, generating an investment of another Rs 900 crores I 11 Projects costing Rs 70 crores are on stream and 60 other projects are at various stages of implementation Engineering, Petrochemical, Pharmaceutical, Leather Processing, Electronics are some of the industries already set up. Acrylic Cresols, and Polybutenes industries were set up. for the first time in India

Many are joint sector projects with investment ranging from Rs 25 crores to Rs 50 crores and in technical collaboration with wellknown foreign companies. And these are bound to generate an investment of about Rs 1000 crores, creating job opportunities for lakhs of people !

May be you have a viable project plan. Come, GIIC will support you to the hilt

GIIC -- basic to Gujarat's industrial development !

#### WE ARE OPEN FOR COLLABORATION THE PLASTIC PRODUCTS LTD

REGD. OFFICE: WORKS:

84. Lala Kamlapat Road, Kamla Tower, Kanpur-208001, U.P. (India)

Kanpur-208012, U.P. (India)

#### A UNIT OF

#### J. K. ORGANISATION

The Plastic Products Ltd., Kanpur, to-day is engaed :

Plastic Industrial & Consumer Goods: 1. PLASTIC DIVISION:

- Injection Moulding

- Compression Moulding - Blown Film Extrusion

- H.D.P./P.P. Tape (Flat Yarn) - Granulation (Waste Racovery)

Machinery and Components for Textile and 2. ENGG. DIVISION:

other Allied Industry:

-- Well Equipped Tool Room - Well Equipped Machine Shops

- Assembly Shop

- Relevnt R & D. **CONTACT ADDRESS:** 

H. O. : The Plastic Products Ltd. J. K. C. M. Premises. 84, Lala Kamlapat Road, Lala Kamlapat Road, Kanpur-208012, U. P. (India)

Kanpur 208012, U P. (India)

# WORLD CLASS RALLY-ABILITY

इंडियन3गॅयल

Available in 5 litre & 2.5 litre cans.

Manufactured and marketed by
INDIAN OIL CORPORATION LIMITED

# Servo Superior Hi-tech Multigrade Engine Oil

For New Generation Cars

- Meets the highest international standards.
- An oil which lasts longer.

# You cannot do better than RELY on a **masibus**

# UNICAL 3001 D.C. Calibrator

The first of its kind in India. A cost effective, and reliable import substitute, for process instrument calibration.

#### Salient Features

- \* Choice of simulating or measuring / ANS standard thermocouple types and Pt-100 in C
- \*Microprocessor based linearised design for long term accuracy and reliability
- \* Software controlled AUTO CALIBRATION LOGP ensures long term accuracy
- Also measures and simulates DC mV and mA
- Facility for factory programming to include two additional thermocouples & RTD types each, as per customer's standards
- \* Automatic selectable Cold Junction Compensation, built-in
- \* Mains or built-in rechargeable battery operated
- · Suitable for field and laboratory work

Our user profile includes. Taylor Instruments, IPCL GNFC, MICO, TISCO, UPSEB, Hindustan Motors, etc.

Backed by a dependable service network

Video Camera & Equipmer ts

Today sohpisticated electronic equipments like Static and Mobile Satellite Communication Terminals, Hi Sensitive Instrument Landing System, Low Power TV Transmitters, Professional Video Systems and Flood/Weather Forecast Systems competing with the best in the world, are manufactured by GCFL.

At GCF1 developing technology is a continuous process and work goes on for something revolutionary, every time

The name Citurgia is today synonymous with Citric Acid of the finest quality Citurgia caters to more than just one need in more than just one industry Besides the traditional usage of Citric Acid in food soft drinks. confectionery and drugs, today the uses of Citric Acid extend to new areas \* In the textile printing and ayeing industry it prevides 'STABLE pH conditions for polyesier and nylon As also for acrylic prints curing and cotton-resist printing Citric Acid has successfully replaced imported Tartanc Acid because of its excellent quality.

availability. Also, it is a very safe acid compared to other organic and inerganic acid salts. Citric Acid prevents flavour deterioration rancidity and discoloration in edible oils \* It imparts an acidic taste to dry powdered drinks It is also used as a descaling solution Citurdia Biochemicals Ltd is the largest producer of high quality Citric Acid in India Besides catering to

the domestic demand

Germany, Australia Irań, Malaysia

Citurgia's Citric

Acid is exported to USA, Japan

Sii Lanka and other countries

#### PRANAVA INDUSTRIAL SERVICES PRIVATE LIMITED

Pranava Industrial Services Private Limited are a body of Industrial Consultants specialising in the field of Economic Market and Financial Consultancy Services. It has conducted large number of Market Assessment and Feasibility Studies in India and abroad exclusively on behalf of its valued clients.

In addition to this, it brings out two prestigious Quarterly Journals, 'Industrial Reasercher' and 'Corporate Observer' during the months of January, April, July and October each year.

Both the Journals are exclusive in their own aspects in the sense that while Industrial Reasercher brings out studies on market economic viability and scope for investment for various industrial ventures, Corporate Observer in a nut shell brings out basic information relating to indigenous production, imports, exports, licensed capacity, assessment of demand and supply position, etc. for various products, Both the Journals are a must for any organisation looking for expansion and diversification of their activities. These journals keep them abreast with the latest information about the product of their interest.

In the light of the vital information covered in both the Journals, subscription to both these Journals, can be a source of indispensable vital information from the point of view of growth and day to-day activities of any forward-looking, dynamic organisation.

The annual subscription rates of both these Journals in India and abroad are as under:

	Annual Inland Subscription	Annual Foreign Subscription
Industrial Researcher	Rs 1,000/-	US \$ 200/-
Corporate Observer	<b>R</b> s. 1,000/	U S \$ 200/-
Combined Subscription for Industrial Researcher and Corporate Observer	Rs. 1,800/	U S. \$ 300,′-
Single issue of Industrial Researcher or Corporate Observer	Rs 500/	U.S. \$ 50/-

Interested parties are requested to send cheques in favour of 'PRANAVA INDUSTRIAL SERVICES PRIVATE LIMITED'. For speedy dispatch of Journal, outstation parties are requested to send their payment by Demand Draft.

# Fuse Switch Unit CFU 4A6 100A-630A at 415V from HELLIN

Feature by i.e. ture — in a consistey itself!

Marcard in local dent quick make, gard, larrak a webarasm and unique double break contact system lends full capability to meet all requisements of IS 4064/1978 including AC 23 utilisation enegory

\* Only fuse switches available in TP, TPN or 4 pole designs.

\* Terminals of adequate sizes capable of taking on aluminium cables directly.

Stationary fuse design provides ability to withstand high electro-dynamic shocks.

Operation and performance independent of mounting position—horizontal or vertical.

\* Compact and elegant designs—great space savers.

All these and an assurance of quality from Figure the Company which offers a wide range of quality LT Switchgear products—Fuses, Switches, Switchfuse Units, Changeover Switches, MCCBs and ACBs. Products you are safe with.

All over India.

ELECTRIC CONTROL GEAR (INDIA) LTD.

Rakhial Road, Ahmedabad 380 023. Tele: : 369501 - 369502 Telex: 0121-353 MMI

# WINDSOR

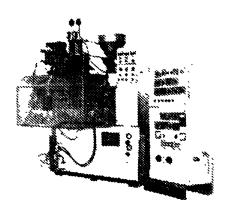

# THE TRUSTED NAME IN PLASTIC PROCESSING MACHINERY

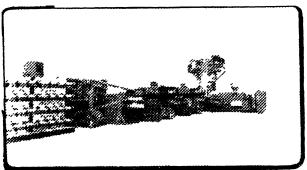

Whether it is Injection Moulding, Extrusion or Blow Moulding, WINDSOR Machines have a unique record of proven performance Today, over 4000 Machines made by KLOCKNER WINDSOR INDIA LTD are in operation the world over. And, over the years, WINDSOR (India) has built up a large circle of happy and satisfied clients in India and 29 other countries. Take a look at our production programme.

 Injection Moulding Machines having locking tonnage from 15 T to 800 T, with 15 gm to 4000 gm. Shot Capacity

**BLOW MOULDING MACHINE** 

RAFFIA TAPE PLANT

- Single screw extruders from 40 mm to 120 mm screw diameters
- 1 Twin screw extruders
- ' Complete extrusion lines for
  - Pipes RPVC, Soft PVC, HDPE, PP
  - Raffia Tapes PP, HDPE
  - Blown Films PP, LDPE, HM, HDPE
  - Monofilaments PP, HDPE
  - Box Strappings PP, HDPE
  - Pelletising

#### KLOCKNER WINDSOR INDIA LTD.

# UNITED PHOSPHORUS LIMITED

167, Dr. Annie Besant Road, Worli, Bombay-400 018

# **Product Range**

# Phosphorus and Phosphorus Compounds

White Phosphorus Red Phosphorus

Phosphorus Trichloride Phosphorus Pentachloride Phosphorus Oxychloride Thio Phosphoryl Chloride

: Thio Phosphoryl (
: Ferro Phospherus
: Phosphoric Acid Phosphorus Pentasulphide Phosphorus Pentoxide

## Mercury Compounds

Mercuric Chloride Mercurcus Chloride Yellow Oxide of Mercury Red Oxide of Mercury

Mercuric lodide Mercuric Acetate

# Agro Chemicals

: Zinc Phosphide: Quinalphos Aluminium Phosphids

**Fenvalerate** 

: Methoxy Ethyl Mercury Chloride Ethylene Dibromide

Canon Smoke Generator : Phenyl Mercury Acetate

# Dye Intermediates

Meta Nitro Aniline : Alpha Naphthyl Amine

Phenyl Alpha Naphthyl Amine

### Intermediates for OP Pesticides

: Methyl PCT Ethyl PCT Ethyl PDA Methyl PDA

Works: 11, G.I.D.C., Vapi (Gujarat)

117, G.I.D.C., Ankleshwar (Gujarat)
